NOTICED ON THE COASTSpeaking of the plans to get Secre-
tary Lane and Secretary Daniels here
this summer, the San Francisco Chron-
icle says:"Plans are under way to attempt to
induce Secretary of the Navy Josephus
Daniels to pay a visit to the territory
of Hawaii during his contemplated
trip west in July. It is believed that
the secretary should secure first-hand
information of the naval conditions in
the islands and also that he should,
personally, investigate the Pearl Har-
bor situation. An invitation is also be-
ing prepared to be forwarded to Sec-
retary of the Interior Lane asking that
he pay a visit to the islands during the
recess following the present session of
congress."Plans at the present time are be-
ing made by the Star-Bulletin and it
is believed that all the commercial
bodies and civic organization will get
behind the movement and try to bring
both secretaries to Honolulu at about
the same time."More than 8,000 Boy Scouts will

To the AdvertiserA bill for the enlistment of an in-
dustrial army of the unemployed has
been introduced in the senate by Sen-
ator Poindexter, at the instance of R.
A. Dagu, of Creston, Iowa. The sec-
retary of labor is required to enlist the
army. The recruits are to receive two
dollars a day and are to be employed
on public works. Enlistments are to
be for a period of three months. It is
intended to be the means of meeting
the problem of the unemployed in this
country. Under this bill a "captain"
in the industrial army would receive
one hundred dollars a month.Secretary of Labor Wilson announ-
ced that he would assume the full re-
sponsibility for the postponement of
the trials of Maurice Duggs and Drew
Caminetti, charged under the Mann
white slave law, regarding which United
States District Attorney McVay of
California telegraphed to the presi-
dent, tendering his resignation on the
ground that the ends of justice were
being defeated owing to the family
pull of the accused Caminetti.Secretary Wilson says that he re-
quested the attorney general to have
McVay delay the cases so that Cami-
netti Senior, the recently appointed
Inspector general of immigration,
would not have to hurry to San Fran-
cisco to assist in his sons defense.
Caminetti Senior is wanted in Wash-
ington, says Secretary Wilson, in order
that he may become acquainted as
speedily as possible with his new du-
ties.E. M. Watson, attorney of Honolulu,
who has been urged by his friends for
the appointment of governor of the
Hawaiian Islands, and Mrs. Watson,
arrived at San Francisco yesterday.
Speaking of the growth of the Dem-
ocratic party in Honolulu since the
election of President Wilson, Mr.
Watson said:"They are all Democrats in the is-
lands now. Officeholders who have
been known as stalwart Republicans
in days gone by, now come out flat-
footed as Democrats. One man in
particular, who was appointed collect-
or of the port by President Roosevelt,
has switched and swears he is a right
loyal Democrat.""I was in Washington for several
weeks and while there I had the pleas-
ure of a conference with President
Wilson. In the matter of naming the
next governor of the islands, Secre-
tary of the Interior Lane told me that
he would have nothing to say and that
the whole affair would rest with the
president. In all probability a Demo-
crat will be named soon, but nothing
was done about it while I was in
Washington. I am sure I have sever-
al friends in congress who are looking
after my interests.""Motor women" ran street cars for
a few hours in Phoenix, Ariz., to-
night. The motormen went on a
strike at 6 o'clock p. m. Promptly
three women offered their services as
strikebreakers. In spite of home dis-
orders, the fair ones handled control-
lers and brakes until 9 o'clock, when
the three cars were returned to the
barns. Twenty employees of the street
car company had protested at the dis-
charge of a motorman and the reply
received from the company officials
resulted in the strike.Belated reports of the effects of the

late yesterday, forced the federal gun-

over the town and the two Mexican
gunboats lying in the harbor.After a service of three and a half

escape extradition to Italy to stand
trial for wife murder, is gone follow-
ing a personal appeal by his father,
Judge Paul Charlton, to Secretary of
State Bryan. Beyond assuring Judge
Charlton that the state department
would instruct the diplomatic offi-

that justice prevailed at the trial,
Bryan informed Charlton that the de-
partment was helpless. Young Char-

advanced tuberculosis, but it is not
believed that his father will make an
appeal to President Wilson on this
account.The automobile is partly respon-
sible for the high cost of living amongthe poor of France, according to the
latest statistics available. Only 66,
000 horses were slain and eaten dur-
ing 1911, because only blooded horses
are being raised now. According to
Deputy Engerand, the automobile is
taking the place of work horses more
